

Giorgio Armani
500 COLLECTOR'S EDITION

FIAT

One Italian icon reimaged by another. Introduced in 1957, the FIAT® 500 has gained world-wide popularity as the ultimate city car. For 2025, FIAT has partnered with the iconic Italian fashion designer, Giorgio Armani, to create a special edition, all-electric 500e. Retaining the model's unmistakable charisma, the Armani 500e is at once fashion-forward, refreshingly innovative and technologically savvy. The FIAT 500e Giorgio Armani Collector's Edition: truly the height of Italian engineering and sophisticated design.

The FIAT® 500e generates confidence with extensive range and charging features. Its 42-kWh battery will take you up to 149 miles^{1*} on a single charge. A versatile, Smart Charging Port enables AC home charging,² as well as public AC and DC fast charging, the latter delivering a 0 – 80 percent charge in as little as 35 minutes.³ Tri-color LED feedback lights give you the charging status at a glance.

Outside influence.

The Giorgio Armani FIAT® 500e pays tribute to the iconic 500 model and Italy's tradition of elevated design with sculptural lines and elegant touches that are quintessential Armani. Sublime exterior paint selections, 17-inch exclusive Giorgio Armani wheels, Dark Chrome accents, along with exclusive Armani logos and signatures take this 500e to the next level.

Inner truth. This FIAT® 500e delivers accommodations steeped with Italian elegance and polish; its rarity is documented with a Giorgio Armani Collector's Edition FIAT 500e numbered badge. Surroundings include special Armani fabrics, wooden pattern accents, embossed signatures and "GA" logos. Sophistication extends to the 500e technology features like the Uconnect® 5 NAV with 10.25-inch touchscreen display, which puts essential driving information, entertainment options and Electric Vehicle (EV) stats right at your fingertips.
